

K-LOVE is my favorite radio station in the Reno area. It serves all of my family in our walk with our Lord and Savior Jesus Christ. Out of all the Christian radio stations in the area it plays the most modern music which suites my taste.

The affect it has on our community is bringing Jesus Christ to us who already believe in him and also introduces him to others that may some day decide to accept him too. It promotes very good family values which helps those in need and in trouble.

Without this station there would be more people turning to evil thoughts and actions. It is in the publics interest to provide good family values to people in the community and promote good actions.

Please don't allow your Low Power FM proposal step on our existing program providers. Please give existing program providers priority when issuing new licenses.

Thank you,
